If you are being referred for possible surgery, please complete the authorization for release of confidential information form attached. In addition, please have the referring doctor fax recent office notes to (401) 444-4862.

If you have any further questions feel free to message us online or call us at (401) 444-7008.

Thank you!

Dear New Parents and Patients.

We would like to welcome you and your child to Pediatric Ophthalmology and Strabismus Associates. If you requested an appointment online, we will call you in the next 24-48 hours to schedule your eye examination at one of our two office locations.

Providence (Main Office): 2 Dudley Street Suite 505 Providence, RI 02905 (401) 444-7008 East Greenwich Office 1351 South County Trail Building 2, Suite 220 East Greenwich, RI 02818

Please print and complete the forms below. Please bring with you your insurance card, a referral from your primary care doctor if your insurance requires it, and any pertinent medical records.

Copays are due at the time of the visit. We are a specialist, so if you have a specialty copay, we will collect that amount. If your insurance has a deductible, you will be required to pay \$200.00 for your visit. We will bill your insurance for the deductible, and either bill you or issue a refund if the fee is more or less than the \$200.00.

If you will require an interpreter for your visit, please be sure to bring someone to assist you with translation.

Should you have any questions or concerns regarding your appointment or our office policies, please call the office. If you need to cancel or reschedule your appointment, please call us and we will be happy to reschedule.

Thank you and we look forward to meeting you and your child! Sincerely, Pediatric Ophthalmology and Strabismus Associates

Vision VS. Medical Diagnosis

Many commercial insurance plans do not cover visits for what they consider routine eye care. Some of these plans offer "eye plans", which we do not accept (VSP, Eyemed, etc). Routine eye exams are visits that are for vision-related issues only. Some insurance companies do not recognize a vision diagnosis as a medical condition.

If your child has a vision-only diagnosis at the end of the exam, we will submit it to your insurance, but they may deny it. If the insurance company denies a claim, it is your responsibility to pay it. We will bill you directly.

Unfortunately, we cannot tell you whether or not your child has a routine vision diagnosis, or a medical diagnosis, until they are seen by our doctors. Once the exam is complete, we will submit the bill according to how the doctor coded it. We will do everything we can within coding guidelines to try to get the claim paid by your insurance company.

Generally, the following insurance plans do cover routine diagnosis coded exams: Blue

Cross Blue Shield of RI Neighborhood Health Plan of RI United Health Care – Ritecare only Tricare RI Medical Assistance

We recommend that you check with your insurance provider, to see what their guidelines for eye exams are prior to your appointment. If you have already used your routine visit elsewhere, your insurance will not pay for another.
